

Cori Fowler began her career at the age of seven in her parents' company, American Technologies, established in July of 1995 in the Washington D.C. Metropolitan Area.

During the first five years of the company's existence and under the leadership and guidance of her parents, Daniel and Marie Fowler, Cori began her core technical training manufacturing custom computer systems and installing secure networks for both public, government, non-profit, and corporate sectors.

Early on, Cori had received her Novell Certifications (for Linux Network Infrastructures), MCSE Certification (for Windows Network Infrastructures), A+ Certification (for Computer Systems); and afterwards, became well studied in the languages of HTML, Visual Basic, Java, PHP, ASP, CSS, Adobe Action script, and more.

Cori has spent years learning and implementing the many facets of computing technology; she has shared her skill sets via business and training with the following clients:

**SECME, Howard University, Youth V.I.B.E., Economic Empowerment Initiative, Patchwerk Recording Studios, US Capital Funding, Operation Gulf Coast, The Atlanta Jazz Festival, Gate City Bar Association, Defense Logistics Agency, Georgia Department of Human Resources, The Atlanta Business League and many other entities.**

Cori Fowler is a great motivator; she has spoken before many audiences on the topics of Mentorship, Positive Growth, Perfecting Your Passion, Focusing on Your Future, and Technology.

Every day Cori Fowler spends her time improving her intuitive wisdom and innate ability for technology, media (including 3D Animation, film production) and more . . . truly a chip off the old block.

Cori has mastered many disciplines. Put to Task, she will produce outstanding products with excellence using a wide array of best practices acquired over the many years pertaining to software development, audio engineering, video production, business, marketing, etc.

In short, Cori is destined for greatness as COO and future CEO of American Technologies. At this time in her life, Cori Fowler is making an indelible mark on the success of American Technologies and the community it serves.

As it relates to the business of marketing, media, and technology, what can she do?

This question is better phrased, what can't she do?

*...Cori Fowler a legend in the making*
